

# HS-200

Low Noise High Voltage Switch

HS-200\_User\_Manual\_1.27.doc  
20 - Jan - 2022

## ***Data Sheet & User Manual***

Rev. 1.27

**Models HS-200 SINGLE/DUAL, BIPOLAR**

### **Features:**

- fast low noise switches (SPDT style)
- max. 200V switching voltage with TTL/CMOS level control
- 40ns intrinsic rise/fall time
- floating Outputs

### **Typical Applications:**

- piezo elements
- beam line electrodes / ion optics
- ion traps
